Roadmap

Our roadmap outlines the key phases of ShieldGuard Protocol's development and expansion:

PHASE 1: FOUNDATION & INITIAL LAUNCH (Q3 2025)- COMPLETED

- ✓ Conceptualization and full design of the ShieldGuard Protocol ecosystem
- ✓ Whitepaper finalized as the official technical and strategic blueprint
- ✓ Legal entity ShieldGuard Protocol Ltd established in a crypto-friendly jurisdiction.
- ✓ Native utility token **\$SHPRO** created
- ✓ \$SHPRO smart contract deployed and independently audited by **Coinsult**
- ✓ Multi-stage public presale launched to fund ecosystem development
- ✓ **ShieldGuard Learn activated** (Scam Prevention & Education – Sept 2025)

PHASE 2: EXPANSION & COMMUNITY BUILDING (Q4 2025)- COMPLETED

- ✓ **ShieldDrop Rewards Activation:** Deployment of our exclusive, presale-whitelisted portal offering vetted passive income streams, AI model training tasks, and DePIN node opportunities (Oct 2025).
- ✓ **Mobile Ecosystem:** Initial release of the ShieldGuard mobile application with integrated rewards tracking.
- ✓ **Operational Scale:** Full deployment of automated referral and internal community management systems.
- ✓ **Educational Development:** Development and beta-testing of the high-fidelity Crypto Video Education curriculum.
- ✓ Strategic Integrations: Execution of selective ecosystem partnerships to broaden protocol utility.

Roadmap

Our roadmap outlines the key phases of ShieldGuard Protocol's development and expansion:

PHASE 3: ADVANCED FEATURES & ECOSYSTEM GROWTH(Q1 2026)

- 🕒 **ShieldLabs Incubator:** Identification of unaddressed market gaps and commencement of initial ideation for ShieldGuard's first internal proprietary crypto project.
- 🕒 **Protocol Development:** Initiation of the development cycle for the first suite of internal projects under the ShieldLabs ecosystem.
- 🕒 **Leadership Expansion:** Strategic expansion of the core leadership team (Onboarded Director of Strategic Expansion) to oversee global outreach and cybersecurity standards.

PHASE 4: ECOSYSTEM SCALING & TECHNICAL DEPTH (Q2 2026)

- 🕒 **ShieldGuard Learn 2.0:** Official launch of the Crypto Video Education Module, providing high-fidelity, structured learning for the community.
- 🕒 **Institutional Partnerships:** Initiation of high-level partnership talks with on-chain analytics firms and security auditors to strengthen the ShieldLabs pipeline.
- 🕒 **Team Growth:** Focused hiring of senior blockchain developers and technical analysts to bolster the ShieldLabs development team.
- 🕒 **TGE Preparation:** Commencement of formal negotiations and technical planning for the \$SHPRO Token Generation Event (TGE) scheduled for late Q3.

Roadmap

Our roadmap outlines the key phases of ShieldGuard Protocol's development and expansion:

PHASE 5: THE MILESTONE QUARTER (LAUNCH & LISTING-Q3 2026)

- 🕒 **ShieldLabs Debut:** Official launch of the first internal project incubated under ShieldLabs, providing immediate utility to the ecosystem.
- 🕒 **TGE & Exchange Listings:** Formal Token Generation Event (TGE) and listing of the \$SHPRO token on top-tier Centralized (CEX) and Decentralized (DEX) exchanges.
- 🕒 **Staking & Rewards:** Deployment of the \$SHPRO staking protocol, allowing holders to participate in profit-sharing from ShieldLabs' successful launches.
- 🕒 **ShieldGuard Mobile:** Release of the high-end mobile application featuring token-gated access to premium security products and rewards.

PHASE 6: DECENTRALIZATION & GLOBAL IMPACT (2027 ONWARDS)

- 🕒 Transition towards a Decentralized Autonomous Organization (DAO) model, granting \$ SHPRO holders greater governance over the protocol.
- 🕒 Scale operations to cover a wider range of external crypto projects and presales.
- 🕒 Continuously develop and launch new, innovative internal crypto projects.
- 🕒 Become the leading global authority in crypto presale vetting, investor education, and a premier incubator for high-impact crypto innovations.
